

Large Big Green Egg

Often acclaimed for product quality, industry leading patented designs and technological innovations, Big Green Egg introduces an enhanced Large EGG. The iconic EGG design has been upgraded with numerous robust components that allow for uncomplicated assembly and greater ease of use than ever before!

The enhanced Large EGG:

- Includes the new patented rEGGulator Vent Cap (Item: 117847), featuring an insulated adjustment tab for comfortable use. The rEGGulator accommodates the optional Rain Cap (Item: 120748).
- Features a 3", made in the USA, impact-resistant, glass-faced temperature gauge that is NSF-certified to meet restaurant safety standards.
- Enhanced Big Green Egg logo on dome
- New Acacia Wood Handle – The handles are finished to match the Acacia EGG Mates and the Big Green EGG Acacia Tables for consistency within the product line.
- Patented “easy to lift” hinge design that allows easy operation of opening or closing the distinctive green dome.
- New enhanced side brackets for easily adjustable band assembly
- New high-temperature gasket that withstands temperatures to 600°F/316°C.
- Made in the USA stainless steel cooking grid that measures 18.25 inches / 46 cm in diameter for 262 square inches (1688 cm²) of cooking area.
- Meets UL and NSF Standards for Commercial Use
- Comes with a best-in-class limited lifetime warranty

Shown in the IntEGGrated Nest+Handler (Item: 120175) and 21 inch Acacia EGG Mates (Item: 121127)
