Mappa

The term "Mappa Burl" refers to a specific type of veneer sourced from the burls of the Mappa tree. The veneer used is cut from the burls, which are irregular growths on the tree, resulting in a captivating and intricate wood grain pattern that resembles a map-like appearance. The frames in this collection are made from MDF, with mappa burl veneer on the exteriors, oak veneer on the interiors, and poplar wood legs.

RUGS
Namaste

Our Namaste collection is made up of one-of-a-kind antique style rugs, which are hand knotted in Pakistan. Many of our rugs range from 35 to 50 years old and are comprised of 80% sheep wool and 20% cotton. They are stripped of their original colours, over-dyed and given new life.

Passion For Furniture

ABOUT LH

LH Home is a furniture wholesaler with distribution throughout North America. Our focus is delivering distinctive quality products to your door, while being mindful of our precious environment.

CARE FOR YOUR PRODUCTS

Many LH designs are crafted from natural materials such as solid wood, stone and metal. Each piece features unique characteristics, shaped by the intrinsic traits of the selected raw materials. As a result, sizes, shapes, colours and distressing may vary, ensuring no two pieces are alike.

Beeswax or Howard Orange Oil can be used for cleaning, and will keep the product looking like new. Touch up pens can be purchased at your local hardware or paint store and can be used for maintenance and care.
