What's in our Cushion?

RETICULATED FOAM

Ratana takes great pride in offering reticulated foam on all their luxury outdoor seating collections. Reticulated (extremely open cell) material that possesses excellent fluid drainable feature, and yet providing durability, comfort and optimal support.

Absorbs Water, Dry Slow.

Dry Fast! Drains Well.

Excellent Drainability
Whether direct moisture (like rain or liquid spills) or dew, mist, fog or other environmental elements, reticulated foam will completely shed moisture to provide a fast-drying, comfortable cushion.

Germicide
Prevent growth of mold and mildew.

Durability
Reticulated foam is highly porous and dries quickly. It is ideal for outdoor furniture applications. It offers high tensile and shear strength suitable for vigorous usage.

TIMELESS DESIGN

Our brand and collections encapsulate a lifestyle that truly celebrates outdoor living. When we design our products we draw inspiration from our natural surroundings, cultural experiences and the latest design trends. The result is the creation of innovative, yet timeless pieces, that withstand all that nature has to offer.
