\$2,115.00

Shown with P783 occasional

Pretty enough for trendy interiors, yet durable enough to weather the elements, this outdoor sofa and loveseat rise to the challenge beautifully. Handwoven resin wicker over rust-proof aluminum merges high style with low maintenance. Rest assured, though the exposed armrests and feet look remarkably like wood, their sturdy aluminum construction is perfectly suited for al fresco living. Plush seat cushions and throw pillows wrapped in high-performing Nuvela® fabric aim to please.

Bar table includes a CSA approved 55,000 stainless steel burner, glass beads, burner cover and protective polyester cover. Enclosed storage area with shelves. Stools have fast dry foam seats below the wicker to provide comfort. No seat pads required. Assembly required.

# P783

| P801-838 | Sofa with Cushion                    | \$600.00 |

Shown with P805 occasional

An effortlessly elegant choice in outdoor furniture, this outdoor sofa marries sturdiness and style in such a delightful way. For that much more weather protection, the sofa's eucalyptus wood frame with tapered touches and slat styling is treated to a 5-step finishing process. Sumptuously soft yet remarkably durable, the included cushions and colorful throw pillows are wrapped in a high-performing, low-maintenance Nuvella® fabric you're sure to love. Collection features durable eucalyptus wood with an antiqued teak color paint finish. The finish is done in 5 steps: stain, sealer, glaze and 2 top-coats of paint. All with high performance Nuvella fabric.

Tough & Durable

Withstands weather

Easy to care for

Looks like wood

**Outdoor**  
— BY ASHLEY —

[Mega Tuff Outdoor Education](#)

The distinction between virgin resins and recycled resins is immensely important. When plastic is modified in processing it undergoes heat and pressure. ... Virgin resins are **typically more durable on the molecular level than recycled** resins, and they perform better when put through the correct design and processes.

### DURABILITY

Now more than ever the demand to venture outdoors is at an all-time high. Outdoor by Ashley's new Mega Tuff outdoor furniture is not only beautiful and comfortable it will weather the elements of any retreat!

### ATTRACTIVE DESIGNS THAT LAST

Mega Tuff™

Mega Tuff is available in on trend colors and textures that have a smooth wood look. All colors have UV stabilizers to resist fading and discoloration in rich consistent color throughout the material from surface to core.

## HDPE

High Density Polyethylene Lumber withstands all types of weather 365 days a year. HDPE provides versatility for wonderful designs that last longer than most other materials used in the construction of outdoor furniture.

Mega Tuff does not need painting, staining or waterproofing! Our high density materials hold up in the most severe outdoor elements without chipping, rotting, swelling or delamination.

Where needed, Mega Tuff products are supported by rust resistant aluminum substructures for additional strength!
